

Isha to launch green project

**Express News Service
Coimbatore, September 23**

ISHA Foundation is organising 'Mahasathsangs' (Ananda Alai) at 16 places across the state on Sunday.

Addressing reporters on Thursday, Sadhguru Jaggi Vasudev, founder of Isha Foundation said that its environmental branch 'Project GreenHands' will launch an urban greening project to coincide with the 'Mahasath-

sangs'.

The idea behind launching the green project is that a large section of people will be taking part in the 'Mahasathsangs', he said and added this will serve as an ideal platform to create an awareness on environmental protection.

Stalls will be put up during 'Mahasathsangs' and saplings will be distributed to participants to inculcate a sense of social responsibility in the participants.
